- From touch points to trust points: Build a CX strategy that drives growth

## \* SESSION 2 - DATA-DRIVEN BUSINESS: GET YOUR TEAMS ON BOARD!

While data has become central to optimize your business strategy, showing its usefulness to your employees is essential. How can you acculturate, train and guide your teams in a data-driven transformation? First of all, by bringing it to the strategic level and by embodying it in the daily life of your employees. What are the key steps to achieve this? First, start with a business problem, equip your teams and train them in the new uses of data. Finally, discover how to make the most of data internally by transforming the raw data collected into useful information. And get your employees on board!

- [Opening Keynote] Best Practices in Small Data: having an Omnichannel Understanding of the Target  
Emmanuel Vivier - HUB Institute (Co-Founder)

- Data Transformation: above All a Human Story and a Team Sport!

- The Lost Art of Decision Making: how Data is still not guiding our Organizations enough (and how to remedy this). Example of Customer Data.

- How has Geospatial Marketing enabled Pickup to gain Agility and strengthen their Territorial Network?
